SKILLS

- HTML
- CSS (SASS)
- JavaScript
- Node.js
- Express.js
- React.js
- REST API
- MySQL
- Git
- Jira
- Postman
- Figma

PROFILE

I am a 4th year student with a desire to develop in the IT field. I have experience as a full-stack developer, but currently I want to focus on front-end. I have practical skills in **HTML, CSS (SASS), JavaScript**. I also have experience working with databases (**MySQL, Node.js, Express.js**). I continue my studies and am currently studying **React.js** to improve my interface development and website layout. I want to develop my skills on real projects and solve practical problems.

EDUCATION & COURSES

Bachelor of Computer Science   2022 - 2026
Odessa National University named after
I.I. Mechnikov

Courses from Genius   dec 2024 - apr 2025
"Full-stack developer"

WORK EXPERIENCE

GidONU project   sept 2023 - dec 2025

Project idea: a web application for students that displays a map of the university with classrooms, administrative buildings, etc., with the ability to search for faculties and teachers. An admin panel is also provided for editing this information.

My contribution:
- Created a database and implemented **API** queries using **Node.js** and **Express.js**
- Developed a user interface with **HTML, CSS,** and **JavaScript**, including responsive layout for different devices.

Project: Cosmetology clinic website   sept 2023 - dec 2025
(Genius course)

- Cosmetology clinic website: based on a design mockup from Figma, the page, visual effects, logic, and adaptability were recreated.

Coursework (at university)   2022 - 2025

- Coursework on the topics "Object-oriented development", "Web technologies", "Data analysis", "Database", "Artificial intelligence", "Multi-platform application based on Xamarin".
